## Organic Hair Colour and Aftercare Products Get 50% your first visit to Impressions

The Organics range is different to most of the professional hair care systems available because it has been developed

as a much cleaner product, containing far less of the harmful chemicals, and substituting natural products whenever possible.

The Organic Colour Systems range is the first and only range of long lasting permanent hair colours on the market today containing certified organic and naturally derived ingredients and has been formulated to cover all grey hair.

Power Build Shampoo - containing special wheat proteins and vitamin B5, giving strength and volume to the hair whilst protecting the hair from UV damage.

Revamp - This product has the ability to re-build very damaged hair. Will make hair 20% to 40% stronger when used as a treatment. Contains a high concentration of wheat protein and wheat gluten.

Power Build Treatment - Designed to repair hair that is breaking due to chemical damage. Due to its unique mix of proteins and moisturisers, this treatment is excellent at maintaining the correct balance in hair. Contains sunflower seed extract, wheat proteins, vitamin B5 and certified organic extracts.

Power Build Conditioner - Designed to add volume and strength without weight on the hair. Will close down the cuticle giving shine back to the hair. Contains wheat proteins, sunflower seed extract, vitamin B5 and certified organic extracts.

114 London Road, Southborough

They are offering 50% off your first visit for May and June with selected stylists and on certain days (please mention when booking)

## Mind Map your Way to Language Success!

Tony Buzan, international memory guru and the brain behind Mind Maps®, has teamed up with bilingual dictionary experts Collins Publishers to unleash Language Revolution! – a straightforward, foolproof and FUN way to learn to speak French, Italian or Spanish. You'll never be lost for words again.

Never has the process been simpler or more enjoyable – you are guaranteed to smile at the waiter's increasingly bored voice as he asks his customer for the 25th time Qu'est ce que vous prenez? And of course, you can learn any time and anywhere to suit you. In just 1-2 hours a week, you will have the vocabulary and confidence to speak in a wide range of everyday situations. Now there's a revolution worth joining!

Language Learning Meets Mind Mapping -

Visual course book, two audio CDs and 24-hour access to online learning resources All for only £19.99
